SELECTMEN'S LETTER

This has been another busy year for the Board of Selectmen, but only in a Town like Newington with many residents volunteering for our Boards and Commissions can we accomplish the various projects that to come to fruition. It is wonderful to see so many new faces on our Boards. The Board of Selectmen are grateful for all your help.

Building Maintenance Projects for Town owned Properties were completed in good fashion. The Emergency Management Room at the Fire Station was done in-house except for electrical. Our historic Meetinghouse has been repainted. The Town Garage received a new face, with new garage doors and the building was repainted by our Town Employees.

Safety, our utmost priority, was maintained when the pit at the Town Garage was filled this year.

The Fire Department exhaust system was completed also. This has been another issue of safety for our Town employees and many volunteers who give their time to the town.

We wish to remind residents of the recent Trail at Fox Point completed this summer under the direction of our Conservation Commission. The work was done by the Conservation Corps of N.H.

Interior painting of Town Buildings was completed by our Town Custodians.

Hopefully, by the end of 1996 our long standing issue with Public Service of New Hampshire will be resolved. Coakley Landfill is progressing at a pace that we feel can be managed by all parties involved.

Membership in the Lamprey Regional Cooperative has proven to be very cost effective, so therefore we have agreed to retain our membership when the Cooperative moves from Durham to its new location.

The Board of Selectmen meet the First and Third Monday of each month.
Respectfully submitted,

Margaret F. Lamson
Chairman

INDEPENDENT AUDITOR'S REPORT

Board of Selectmen
Town of Newington
Newington, NH 03801

We have audited the accompanying general purpose financial statements of the Town of Newington as of and for the year ended December 31, 1994, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

In our opinion, the general purpose financial statements referred to above present fairly the financial position of the Town of Newington at December 31, 1994, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Newington at December 31, 1994, their results of operations, and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles.

I.R. Lebel
Certified Public Accountant

CONSERVATION COMMISSION REPORT

This past summer the Conservation Commission arranged for a New Hampshire Conservation Corps team to clear approximately two miles of trails on Fox Point and worked closely with the team in accomplishing the task. Signs were Prepared and posted at strategic points subsequent to completion of the trails. The Commission hopes to expand on the trail system this coming summer.

Throughout the year the Commission continued to work with the Planning Board in reviewing various proposed land-use proposals/Wetlands Board Permits which affected wetland systems. The Commission also worked with Wetlands Board personnel in reviewing proposed land-use proposals which fall within the purview of the Comprehensive Shoreland Protection Act.

At the request of the Planning Board, the Commission also has become actively involved in reviewing landscaping proposals submitted in connection with applications for development, to the end that developers are made aware, at the start, that an aesthetically-pleasing completed site is desired and expected by the town.

As is done annually, throughout the spring and summer the Commission purchased, planted and tended flowers and shrubs in various areas around town.

A still-to-be accomplished project is the blazing of the town boundaries of the Flynn Pit, which was a recommendation contained in the Forest Management Plan. Under consideration for this area are plans to provide small clearings for the encouragement of wildlife, and a nature trail.

Respectfully submitted,
Kay Akerley, Chairman

REPORT OF THE PLANNING BOARD

During 1995, the Planning Board approved four residential subdivision applications which created a total of eighteen new lots. An application for a four lot subdivision of the former Earl Mott property at Fox Point is pending action by the board.

The approved subdivisions are as follows:

- a ten lot subdivision by Mark Phillips and Joseph Sawtelle of the Hodgdon Farm in South Newington;
- a four lot subdivision by Michael Mazeau along the north side of Beanes Lane;
- a two lot subdivision by Jack Mazeau along the south side of Beanes Lane;
- a two lot subdivision by Paul & Anita Kent of their homestead at 195 Little Bay Road.

The Planning Board also reviewed sixteen applications for site plan review, all of which were situated in non-residential zoning districts. Of these sixteen applications, eight were approved, six were withdrawn, and two are pending action by the board. The eight applications approved by the board were as follows:

- establishment of a new snack bar/restaurant at Great Bay Marine;
- construction of an Electro Magnetic Interference testing facility at Neslab Instruments;
- expansion of the Holy Trinity Lutheran Church
- office expansion at Dorchester Sea-3
- establishment of a farmers' market adjacent to Custom Pools along River Road;
- establishment of a second salt storage facility at Sprague Energy;
- a 20,000 square foot expansion at Neslab Instruments
- redevelopment of the Newington Mall.

The following applications are pending action by the Planning Board as this report goes to the printer:

- a proposal by Exxon to construct a convenience store at their facility at the corner of Nimble Hill Road and the Spaulding Turnpike;
- a proposal by Cosina, Inc. to construct a "laser storm" facility inside the Bowl USA building at 26 Fox Run Road;

The Planning Board continues to closely monitor developments at Pease. As always, your comments and input are most welcome.

Respectfully submitted,
Marlon S. Frink, Chairman

REPORT OF THE BOARD OF ADJUSTMENT

The Board of Adjustment considered the following applications during 1995:

- Pilot Construction of Portsmouth applied for two variances and a special exception relative to wetlands disturbances on land of Robert & Catherine Lockwood at 159 Little Bay Road. The applications were granted, and a residence was subsequently constructed on this site.
- Bradlees applied for two variances for a proposed sign. The application was withdrawn.
- Dorchester Sea applied for two variances in order to permit the expansion of their offices off of Avery Road. The variances were granted.
- Exxon Corp applied for six variances in order to permit the construction of a convenience store at the corner of Nimble Hill Road and the Spaulding Turnpike.
- David Short applied for two variances in order to permit the establishment of a flea/farmers' market at 139 River Road.
- Neslab applied for a variance and a special exception relative to wetlands disturbance in order to permit a 20,000 square foot expansion of their industrial facility at 25 Nimble Hill Road.

In addition to the above, the Board of Adjustment considered requests from the Selectmen for rehearings relative to the Exxon and Short proposals. The Selectmen's requests were not granted.

Respectfully submitted,
Alfonso Cabrera, Chairman

SUMMARY OF ACTIONS TAKEN ON THE 1995 TOWN MEETING WARRANT

- ARTICLE 1. Election of Officers.
- ARTICLE 2. Voted to adopt Zoning Amendments as proposed by the Planning Board.
- ARTICLE 3. Voted to remain with the Lamprey Regional Cooperative for disposal of Municipal Solid Waste.
- ARTICLE 4. Voted to leave the care and maintenance of the Town Buildings to the Board of Selectmen.
- ARTICLE 5. Voted to allow interest on investments of sewer revenues be used to offset the 1995 Sewer Budget.
- ARTICLE 6. Voted to allow the Board of Selectmen to accept, following a Public Hearing, gifts or properties for public use.
- ARTICLE 7. Voted to delegate the Board of Selectmen the authority to accept, following a Public hearing, dedicated roads that have been approved by the Planning Board.
- ARTICLE 8. Voted to allow the Board of Selectmen to accept gifts made to the Town in Trust for any public purpose.
- ARTICLE 9. Voted to raise and appropriate for all purposes (Town, School, County) a budget in the amount of \$3,161,500.00
- ARTICLE 10. Heard the report of the Moderator on the election of Officers.

Meeting was adjourned at 3:20 p.m.

Verbatim minutes of all Town Meetings are available for reading at the Town Office and the Town Library.

1995 FIRE DEPARTMENT ANNUAL REPORT

The year of 1995 showed a increase in fire calls of 18% over 1994, with the Fire Department responding to 219 calls. The following is a breakdown of the calls by district:

13%	Industrial District
21%	Business District
13%	Fox Run Mall
8%	Newington Mall
13%	Residential
16%	Motor Vehicle Accidents
4%	Boat Rescues
12%	Mutual Aid Requests

1995 found that VOLUNTEERS gave 1,740 hours of their time in answering calls. This figure does not include the time for full time employees nor the volunteer's time in attending training sessions.

Explorer Post 933, The Boy Scouts of America, is still in operation. However, additional members are always needed (and welcomed) to keep the Post active. These Explorer Scouts are trained in the proper use of the tools that are carried on the various apparatus, proper operation of the radios, and the proper documentation necessary for accurate record keeping on calls for both emergency and public assistance. At no time are the Explorer Scouts permitted to enter any area that could be hazardous to their health; protection as governed by both The Boy Scouts of America and the Newington Fire Department. I extend thanks, on behalf of the Department and myself, to the members of Explorer Post 933 for their help during the year of 1995.

Thanks, too, to all of the Firefighters for their time and efforts in protecting the lives and property of the taxpayers within the boundaries of the Town of Newington. Further thanks, to these same people, for their time in attending the various training classes held here and throughout the State, in an continuing effort to improve their skills as Firefighters and Officers.

I'd like to take this opportunity to remind the Town residents that the Fire Department is available for public assistance calls, as well as for emergencies . . . WE ARE HERE TO SERVE YOU!

Respectfully submitted,
Larry Wahl, Fire Chief

1995 AMBULANCE ANNUAL REPORT

The year of 1995 showed a decrease in Ambulance calls of 3% over 1994; with the Ambulance having responded to 255 calls. The following is a breakdown of the calls by districts:

8%	Industrial District
25%	Business District
16%	Fox Run Mall
5%	Newington Mall
16	Residential
1%	Boat Rescues
13%	Motor Vehicle Accidents
15%	Mutual Aid Requests

The volunteers gave 1,399 hours of their time in responding to calls in and for the Town of Newington. This figure does not include the additional time volunteers spent in attending training sessions to perfect their skills, nor that of full-time employees.

For the past four years the Portsmouth Regional Hospital has awarded the Newington Ambulance with the OUTSTANDING TRAUMA CARE AWARD for emergencies that occurred within the greater Portsmouth area. In the year 1993, the Portsmouth Regional Hospital awarded the Newington Ambulance with the ACHIEVEMENT AWARD, in recognition of Outstanding Achievement for the number of ambulance attendants who advanced their skills to the Emergency Medial Technician level of Intermediate. These attendants are now able to provide advanced care skills, including the administration of intravenous fluids for trauma and life threatening medical emergencies.

I would like to take this opportunity to thank all Ambulance personnel for their unselfish contributions to the Town of Newington, by sacrificing their time to service on the Ambulance. Each of these members have been trained to a minimum basic level of Emergency Medical Technician EMT); and they continue to attend specialized classes and seminars to further improve their skills for pre-hospital care. Our Department's continued strive toward better training and care has helped open the lines of communications between Ambulance attendants and Emergency Department staff. It is with great pride I can report that the local hospitals consistently praise the members of the Newington Ambulance for their excellent care of the sick and injured.

The Ambulance does provide a transfer service for the residents of Newington, and this service was utilized three times in 1995. It is a privilege to provide this service for the residents.

Once again, I wish to thank the members of the Ambulance service for their time and effort in providing quality pre hospital care for the Town of Newington.

Respectfully submitted,
Larry Wahl, Ambulance Director

NEWINGTON POLICE DEPARTMENT

1995 ANNUAL REPORT

During 1995, the Police Department recorded 163,007 miles on our 6 vehicles and received 5,023 complaints or calls for assistance. Investigations by the Department's officers included 314 criminal cases and 44 animal complaints.

In the area of highway safety, efforts of our officers resulted in 36 motor vehicle arrests, 747 summonses, 2,443 motor vehicle warnings and 85 defective equipments contacts. Officers assisted 312 motorists while on routine patrol and rendered assistance to other law enforcement personnel on 393 occasions. During 1995, no fatal accidents were reported; however, 18 personal injury accidents and 152 property damage accidents were reported.

Police activities resulted in 897 cases being prepared for the Portsmouth District Court or the Rockingham County Superior Court.

The Department's prevention and service program resulted in 17,399 building checks and 19 escorts being made. The Department investigated 339 burglar alarms, responded to 86 fire calls and assisted in 96 ambulance calls.

During 1995, 18 motor vehicles were reported stolen from Newington and 12 were recovered. One additional motor vehicle which had been stolen from another locale was recovered in Newington. Property, other than motor vehicles, valued at \$139,038 was reported stolen in Newington, while recovered property totaled \$23,472.

1995 saw the opening of Home Quarters, the restoration of the Isaac Dow House and a decline in the Newington Mall. The Emergency Management Director held our first emergency training exercise with participation from surrounding public safety agencies. Our D.A.R.E. program in the Newington Elementary School, under the direction of Officer Mike Sullivan, is a source of pride for the department and our Elderwatch efforts result in daily contacts with a number of Newington's residents. Once again, we have had a stable year without the loss of any officers.

We, the members of the Newington Police Department, appreciate your continued support and once again urge you to become involved in the community's safety efforts. If you have an opportunity, please feel free to stop at the Police Station and share with us the pride in our efforts. I would also like to take this opportunity to express my appreciation to each of the members of the Police Department for their continued dedication to providing the best possible service to the Town of Newington.

Respectfully submitted,

JOHN K. STIMSON, Chief

HISTORIC DISTRICT COMMISSION REPORT

The Newington Historic District Commission began 1995 by meeting with Verge Enterprises and interested others to discuss their plans for the renovation of the Isaac Dow House. At this meeting the interior plans for the building, to be used as office suites, were approved by the Historic District Commission. The property has been renovated, is now in use and has returned to a beautiful hill-top landmark.

In June, the Historic District Commission and the Conservation Commission met with the Newington Selectmen to discuss the tree adjacent to the Meetinghouse. To facilitate the painting of the outside of the Meetinghouse, it was decided that the tree was to be trimmed, but not removed.

During September, the Historic District Commission, as a Certified Local Government agent, underwent an evaluation as required by the National Park Service. The review team, from the NH Division of Historic Resources, toured the Newington Historic District and reviewed the performance standards for a Certified Local Government. After discussion, the Newington Historic District Commission was requested to file annual reports with the NH Division of Historic Resources, to determine annual goals, and to amend Section 3 of the Historic District Regulations to read:

'All construction, alteration, movement, or demolition of buildings within the Historic District "H" shall require prior approval of the Historic District Commission. Routing maintenance, such as repainting, is specifically exempt from this requirement.'

At the October 26, 1995 meeting, this amendment was presented at a public hearing and passed. Laura Coleman was appointed by the Selectmen as alternate member. This will allow complete voting memberships at meetings. The Historic District Commission goals for 1996 were approved.

The Historic District Commission appreciates the support and the efforts of the Selectmen, the Planning board, and Verge Enterprises during 1995 to plan and to work together to enhance the historic character of Newington.

Barbara Hill
Chairperson

NEWINGTON HISTORICAL SOCIETY

In a year commemorating living in the past, the Newington Historical Society chose the theme of historical re-enactments and encampments. In our first program this fall, Barbara Trow presented a slide show describing the annual staging in August of a medieval encampment, a project which has been done by her group for 24 consecutive years. In our November meeting, Duane E. Shaffer, Past President and Vice-President of the Civil War Round Table of New Hampshire, kept us on the alert for the whole evening. For our spring meetings, we are looking forward to programs by Lorraine Morong on a Tour of the Outer Hebrides, and others to be announced.

The opening of the newly restored Isaac Dow House in October by the Verge Insurance Agency marks a real milestone. It is good to see it still framing our landscape.

With an assortment of projects in addition to maintaining the Olde Parsonage, our chief focus continues at the Town Museum. Barbara Myers and Barbara Hill have undertaken a monumental task in the paper sorting and cataloguing. More volunteers would be welcomed enthusiastically and would "Make a Difference Day."

Lately, the Newington Historical Society has been active in restoring paintings as funds become available. Proceeds from flea markets and the yard sale have provided the funding for these restorations but much more help is needed.

There are many ways interested people can support the work of the Historical Society. Be an interpreter at the Olde Parsonage for an afternoon during July and August. Provide articles for the Historical Society flea market tables which may be good castoffs from garage and house cleaning. Contribute Newington historical artifacts to the growing collection at the Old Town Hall or the Olde Parsonage. Provide bricks from old Newington brickyards for the buttery at the Olde Parsonage. Be a contributor to fund: The restoration of a painting (\$300); the conservation of an historic document (\$250); the gilt frame for a restored painting (\$200); or the restoration of an antique sampler (\$300).

We are delighted with the contributions we have received this year, including an old-fashioned child's sleigh from Mr. Trefethen and a generous donation from the Verge Insurance Agency.

Of special mention is the discovery and restoration of the old shutters by John Frink which recently have been installed in the big windows downstairs at the Old Town Hall. Newly painted and now in place, this adds one more touch to our project.

With all the activities and goals planned, we have one more urgent need -- you! Whether or not you are a member, we appeal for more volunteers and know you would enjoy the participation.

Dorothy M. Watson, President

NEWINGTON CEMETERY COMMITTEE

Newington takes pride in the appearance of its cemetery and the Committee works with the Superintendent to maintain this status.

In keeping with this, the Committee decided to build a short stone wall at the beginning of the Southern Division on the left side of the road beyond the horsesheds and parallel to the wall on the right side. This would help protect the lots in the southern area from drivers heading their vehicles for the back clear area and damaging the existing unmarked graves and lots.

The wooden rail fence, located on the perimeter of the Western and Southern sections, will be repaired and replaced where necessary.

The frequent mowing and watering where needed has caused the grass to thicken, improving the growth in the entire cemetery.

We are fortunate to report there has been no damage from vandalism, as happens in many cemeteries. May this continue for the sake of all.

Respectfully submitted,
Dorothy M. Watson, Secretary

1995 ANNUAL LIBRARY REPORT

The Library had a great year with 3,686 items circulated and over 1,420 people using the library for reading, research and book borrowing. We added 369 items to our collection in 1995. The library received and have put into use its new shelving in the front room. This now gives us more room to expand comfortably. We have twin carousels in the Children's room for our new videos and audio tapes. We are still in the process of automating and will probably be finished in 1996.

OUR HOURS ARE:

	WINTER	SUMMER
Wednesday	12:30-5	12:30-5
Thursday	12:30-6	12:30-6
Friday	1-6	1-5
Saturday	10-5	10-4

TELEPHONE: 436-5154

LIBRARY TRUSTEES: Libby Smith (C)
Patty Borkland (S)
Luanne O'Reilly (T)

Meetings are held the first Thursday of each month at 5:00 p.m. in the library and the public is always welcome.

PROGRAMS AND SERVICES:

- Inter-library loan service.
- Free passes to the Portsmouth Children's Museum.
- A large periodical section, paperback books and large print books.

REPORT OF THE TOWN FOREST WARDEN AND STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law and other burning laws of the State of New Hampshire, are misdemeanors punishable by fines up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 FIRE STATISTICS

Forest Ranger Reported Fires

Number of Fires for Cost Share Payment	465
Acres Burned	437
Suppression cost	\$147,000+
<u>Lookout Tower Reported Fires</u>	555
Visitors to Towers	\$26,165

Fires Reported by County

Belknap	11	Hillsborough	71
Carroll	50	Merrimack	49
Cheshire	39	Rockingham	106
Coos	17	Strafford	78
Grafton	26	Sullivan	18

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!"

John Dodge, Forest Ranger

Larry Wahl, Town Fire Warden

Richard Spinney, Town Deputy Forest Fire Warden

1996 ANNUAL REPORT OF THE NEWINGTON RECREATION DEPARTMENT

The Newington Recreation Department continues to plan programs and events for Newington residents of all ages. The Stone School is the focus of Afterschool Programs, Holiday parties, and the six week Summer Recreation Program. The Newington School is the location for Adult Aerobic classes, and afterschool basketball for Teens. The Newington Town Hall is where the Potluck Supper /Square Dance, and the Annual Senior Dinner took place. The Recreation Department continues to utilize all the Town's facilities, to provide programs and events for Residents.

For the second year, Movie Tickets for Hoyt's Cine 1-8, were available to residents at the cost of \$4.00 each. This has been a very popular program. Another movie/video program was Block Buster tickets, which were available at a reduced rate to residents. Movie passes, will continue to be available on Wednesday evenings, from the Recreation Director, at the Stone School from 5-8 P.M.

Expanded programs for Seniors/Adults and Teens were started in 1995. Several luncheon day trips were available to Senior/Adults during the summer. The Teens' new programs included - Monday afterschool basketball at Newington School, one evening a week at the Stone School (to use the Rec room), and two trips. The first Annual Teen Christmas Party at Joker's, was canceled due to a snow storm.

A special event was a night of Square Dancing, at the Town Hall. This was a fun evening for many residents.

Programs for the Town's Youth have included Bowling, afterschool activities at Stone School, and vacation activities. The Annual Halloween Party, Christmas Party, and Easter Egg Hunt, are enjoyed by residents of all ages. The six week Summer Recreation Program, was open to children between the ages of four and fourteen. Thursday Summer Daytrips included Canobie Lake Park, and N.H. State Parks. These trips were listed in the Recreation Newsletter, and were open to all Residents.

The Recreation Department provides bi-weekly transportation for shopping for Seniors. In December there was a trip to Giordano's dinner theater for the Christmas Show. Transportation was provided to the Annual Rotary Senior Dinner, as well.

The Summer Season at Hampton Playhouse was a Recreation Sponsored event. This allowed residents to see any, or all plays there and receive 25% reim-

NEWINGTON TOWN WARRANT

State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF NEWINGTON IN THE COUNTY OF ROCKINGHAM AND SAID STATE QUALIFIED TO VOTE IN TOWN AFFAIRS:

YOUR ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL ON TUESDAY MARCH 12, 1996, AT 11:00 A.M. TO ACT ON ARTICLES 1 AND 2.

The polls will open at 11:00 a.m. and will close at 7:00 p.m. The Business portion of the Meeting to act on Articles 3 through 13 will resume on Saturday March 16, 1996, at 1:30 p.m.

ARTICLE 1. To choose in the manner provided by law: One Selectman for a term of 3 years; One Moderator for a term of 2 years; One Town Clerk for a term of 3 years; One Treasurer for a term of 1 year; One Supervisor of Checklists for a term of 6 years; One Trustee of Trust Funds for a term of 3 years; One Fire Engineer for a term of 3 years; One Police Commissioner for a term of 3 years; One Library Trustee for a term of 3 years; One Cemetery Commissioner for a term of 3 years; One Sewer Commissioner for a term of 3 years; Three Budget Committee members for terms of 3 years; Two Planning Board member for terms of 3 years; One Planning Board members for a term of 2 years; One School Board member for a term of 3 years.

ARTICLE 2. To see if the Town will vote to amend the Newington Zoning Ordinance, as proposed by the Planning Board, by changing the zoning designation of a 2.98 acre parcel at 113 Beane Lane (Tax Map 6, Lot 5) from Marina to Residential.

ARTICLE 3. To see if the Town will vote to repeal the existing Sewer Use Ordinance for the Industrial-Commercial District and adopt a new Sewer Use Ordinance proposed by the Newington Sewer Commission for the Industrial-Commercial District. The new Sewer Ordinance provides for new definitions; outlines the terms under which the use of public sewers is required; summarizes the method by which charges will be made for sewer services; outlines the terms and conditions under which structures may be connected to the Newington Municipal Sewer; and provides for pretreatment of certain wastes. (Copies of the Ordinance are on file at the office of the Town Clerk and the Town Library, and will be posted at the Town Meeting).

ARTICLE 4. To see if the Town will vote to leave the care of Town Lands and Buildings to the Board of Selectmen.

ARTICLE 5. To see if the Town will vote the authority to expend accumulated interest from investment of Sewer Revenues to be applied as an offset for the 1996 Sewer Budget.

ARTICLE 6. To see if the Town will vote to authorize the Board of Selectmen to accept personal property which may be offered to the Town for any public purpose, pursuant to RSA 31:95-e. The Selectmen must hold a Public Hearing before accepting such gift and the acceptance shall not bind the Town to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of any such personal property.

ARTICLE 7. To see if the Town will vote to delegate the Board of Selectmen the authority to accept, following a Public Hearing, dedicated roads which have been approved by the Planning Board.

ARTICLE 8. To see if the Town will vote to authorize the Board of Selectmen to accept, on behalf of the Town, gifts legacies and devises made to the Town in trust for any public purpose as permitted in RSA 31:19.

ARTICLE 9. To see if the Town will vote to modify current hiring practices, to require that all persons hired by the Town of Newington in the County of Rockingham, of the State of New Hampshire, as full time employees, on or after 1 April 1996, contribute a minimum of fifteen percent (15%) towards the cost of employee benefits, including, but not limited to, Health, Dental and Life Insurance. (By Petition)

ARTICLE 10. To see if the Town wishes to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,000.00.

ARTICLE 11. To see if the Town will vote to provide 24 hour coverage by the Newington Fire Department. The proposal by the Board of Fire Engineers, at the recommendation of the Fire Study Committee, would require additional funding of \$92,026.00, for 1996.

ARTICLE 12. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures for the ensuing year.

ARTICLE 13. To hear the report of the Moderator on the election of officers.

Given under our hands and seal the day of February, 1996.

bursement on their tickets. By doing this, the Recreation Department allows residents flexibility as to which day/show they wish to see.

Two sold out Recreation sponsored trips, were: "Stars on Ice", and the "Globe Trotters", at the Portland Civic Center. A pre-Christmas trip to Boston (offering two drop-off points) was cancelled, due to lack of interest. Another Boston Trip will be planned for the Spring of 1996.

The Recreation Director works part-time during the school year, and forty hours per week, during the six week summer program. She is available on Wednesday evenings at the Stone School from 5-8 P.M. The Recreation Board provides support, and technical assistance to the Director.

The Recreation Board meets on the second Wednesday of the month at the Stone School at 7:00 p.m. The Recreation Board appreciates your comments and suggestions.

Roseann Vozella Clark
Newington Recreation Director

LAMPREY REGIONAL COOPERATIVE
P.O. BOX 739
DURHAM, N.H. 03824

TOWN REPORT

In 1995, we experienced many changes to the Lamprey Regional Cooperative. The Lamprey Regional Cooperative amended and restated their agreement on August 14, 1995. The Lamprey Regional Cooperative also ceased operations of the Waste-to-Energy plant on November 20, 1995, a contract was awarded for demolition of the Waste-to-Energy plant. Demolition began on December 7, 1995 and is scheduled to be completed in February 1996. We will be closing and capping our Ash Landfill in Somersworth in 1996 and it appears at this time that this also will come within our budgeted closure funds.

The Waste-to-Energy plant was operated under budget again in 1995 and we did not experience any major problems in the operating

We have made progress toward our goal of a Regional Transfer and Recycling Facility in early 1996 for the communities that have decided to remain in the Lamprey Regional Cooperative into the future.

I would like at this time to thank all of the communities for their cooperation in the operation of our Waste-to-Energy plant the last fifteen years.

Respectfully submitted

Joseph Moriarty,
Chairman of the Board

NEWINGTON SCHOOL DISTRICT

1996

The State of New Hampshire

To the Inhabitants of the School District of the Town of Newington, in the County of Rockingham and State of New Hampshire, qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON TUESDAY, MARCH 12, 1996, AT 11:00 IN THE A.M. TO VOTE FOR DISTRICT OFFICERS:

To choose a member of the School Board
for the ensuing three years.

NOTICE: The foregoing procedure calling for election of your district officers at the annual meeting is authorized by Statute RSA 197:1-a and was adopted by the district at its 1962 meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON, THIS 8th DAY OF FEBRUARY, 1996.

A true copy of warrant attest:

Terri Spinney
Jeanne Haskins
William Gilbert
Newington School Board

NEWINGTON SCHOOL DISTRICT WARRANT

1996

The State of New Hampshire

To the Inhabitants of the School District of Newington in the County of Rockingham, and State of New Hampshire, qualified to vote upon District Affairs: **YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON SATURDAY, MARCH 16, 1996, AT 1:00 P.M. TO ACT UPON THE FOLLOWING:**

NOTICE: School District Officers are to be elected at the Town Meeting, Tuesday, March 12, 1996. Polls will be open at 11:00 a.m. and will not close before 7:00 p.m. in accordance with the statutory procedure adopted by the District at its February 28, 1962, annual meeting.

ARTICLE 1. To see if the District will vote to raise and appropriate the sum of \$432,000 (four hundred thirty-two thousand dollars) for the purpose of constructing a building addition to the Newington Public School and for certain renovations to the existing facility; \$432,000 (four hundred thirty-two thousand dollars) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., and accept federal, state, or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the school board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the school board to take any other action or to pass any other vote relative thereto. The school board and budget committee recommend this appropriation. Two-thirds majority vote required.

ARTICLE 2. To hear the reports of agents, auditors, committees and/or officers therefore chosen, and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of \$3,000 (three thousand dollars) as a contingency fund as provided under RSA 198:4-b. The school board and budget committee recommend this appropriation. Majority vote required.

ARTICLE 4. To see if the District will vote to raise and appropriate the sum of \$5,347 (five thousand three hundred forty-seven dollars) to fund the increases in cost items relative to teachers' salaries and fringe benefits for the 1996/97 school year, which are the result of good faith negotiations with the teachers and which represent the negotiated increase over the last year's salaries and fringe benefits. The school board and budget committee recommend this appropriation. Majority vote required.

ARTICLE 5. To see what sum of money the District will vote to raise and appropriate, inclusive of any funds approved in Articles 1, 3, and 4, for the support of schools, for payment of salaries, for obligations of the District; and to authorize the application against said appropriations of such sums, as are estimated to be received together with other income, the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town.

ARTICLE 6. To transact any further business that may legally come before the meeting.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Stephen F. Maio

PREPARING STUDENTS FOR THE 21ST CENTURY

Schools prepare students for the future. Today's students will live through the years 2060, 2070 and beyond. A study of the past, present, and a prediction of the near future strongly point to dramatic changes in the educational needs of students.

According to a recent workshop on the future of education, coordinated by the New Hampshire School Boards Association and presented by David Pearce Snyder, editor of *The Futurist*, history will view the present as the transition period from the Industrial Age to the Information Age. In the past, only one quarter of the students needed to be at the highest level of achievement when they graduated from high school. These students moved on to college and eventually entered high value jobs. The remaining three quarters of the students entered jobs that also paid good wages. In the evolving technological world of information, good wages will be paid only for high skills. Brain power will determine employability.

The new mission of the public schools is to prepare three quarters of the students to achieve at the highest levels of learning. While it was adequate to teach basic skills in the early 1980s and thinking skills at the end of that decade, the schools now need to reexamine their goals. In addition to teaching basic skills, the schools must prepare students to be creative intermediaries between the computer and the work. Three quarters of the graduates now need to understand

and work with technology, participate creatively and effectively in teams, learn how to deal with resources, organize information for processing, and understand the nature of systems. This is an extraordinary task for public education.

EXCEL: A COMMITMENT TO QUALITY IN INSTRUCTION, ASSESSMENT, AND CURRICULUM

The SAU 50 staff and administration are planning together to implement the new educational mission of creating quality schools that move students to optimum learning. Michael Quigley, dean of the graduate school at Rivier College, has motivated SAU 50 teachers and administrators to search for the special gifts of all students and to move them to a higher order of learning. Dr. Quigley agrees that students must develop high skills and creativity for the new world of technology. He emphasizes that quality schools can develop the special gifts of all students by teachers introducing instructional strategies in their classes that accommodate students' different learning styles and various intelligences identified by researcher Howard Gardner. Quality schools develop the special talents and intelligences of all students.

In August, 1995, Dr. Ron Fitzgerald, an authority on brain-based learning, sometimes called accelerated learning, addressed the entire SAU 50 staff on the power of the brain to learn. He encouraged the teachers to apply the principles of current brain research to classroom instructional strategies in order to move more students to optimum learning.

A group of four teachers is engaging in an in-depth professional study on brain-based learning. These teachers will eventually become SAU 50 trainers of the staff in the

instructional strategies that accommodate the natural function the brain plays in learning.

ASSESSMENT

The New Hampshire annual state assessment program challenges schools to improve curriculum and introduce teaching methods that move students to optimum learning. Memorization of facts and responding to questions from rote memory is not enough to prepare for the future. Students must now organize the information they have acquired on a subject and be creative in problem solving. Questions in mathematics must be answered not only by computation but by explaining the process in complete and thoughtful sentences that demonstrate an understanding of mathematics as a system.

Another state requirement designed to transform the schools is the District Education Improvement Plan (D.E.I.P.). Each school district in SAU 50, Greenland, New Castle, Newington and Rye, is starting a long-range plan which will include the participation of community members in the identification of core beliefs, a vision, a procedure for deciding goals for the schools and methods of student assessment.

CURRICULUM

The SAU is approaching all its studies of subject matter within a systems context. The large majority of SAU 50 students attend Portsmouth High School. Therefore, any study of subject area must reference Portsmouth High School's curriculum, and in the case of Newington, Portsmouth Middle School's curriculum. Also, each study must reflect the content of the state curriculum frameworks which will ultimately influence the content of the state assessment tests.

An SAU 50 Language Arts Committee has been examining the language arts curriculum for over a year and will soon present a revised curriculum to the school boards for adoption and implementation in all of the schools.

An SAU-wide Science Curriculum Committee is currently focusing on the current state of science in the schools. Its goal is to recommend changes in the curriculum that take into account the entire system of science instruction, curriculum and assessment from kindergarten through high school.

SAU 50 teachers have organized a Cooperative Learning Study Group to advise colleagues on the research and successful practices that help students build skills for working cooperatively and creatively in groups, in all curriculum areas, a requirement for success in the world of work.

SPECIAL EDUCATION

Even in Special Education, a federal and state requirement that ensures that students with educational disabilities are provided with a free and appropriate public education, SAU 50 is taking a "quality" approach.

Students with special needs are identified as early as possible in order to assist the students toward optimum learning. SAU 50 provides the services needed to assist students so that by the time they enter high school, they move more independently through their learning experiences.

Decisions regarding special education are made by a team which is comprised of specific individuals as required by

the New Hampshire Standards for the Education of Students with Disabilities. Parents are an important part of this process. The team ensures that parents of students with educational disabilities are afforded rights as outlined in the New Hampshire Standards. The number of SAU 50 students in special education programs is below the state average.

COMPLEX SCHOOL AND SOCIAL ISSUES

As society continues to change, the students themselves change with it. The American Association of School Administrators reports that some of the changes in students are the results of the declining positive influence of family and community life and the knowledge explosion which creates stress among children by exposing them on television to wars, starvation, AIDS, drug and crime stories.

The changes observed by educators across the country include a desire by students for more flexibility and the teaching formats that address their different learning styles. Today's students also enjoy collaborating with other students to address school assignments. SAU 50 teachers are addressing these student changes in developing quality teaching strategies to move students to optimum learning.

RETURNS ON THE EDUCATIONAL INVESTMENT

Predicting the future, setting quality educational direction, and moving to implementation takes time because of the nature of school systems and because of the constraints on budgets. The cost of technology, the training of teachers, and the needs of all SAU 50 schools for renovations and classroom additions, challenge local budgets. It is important to work with business and industry in planning for the

funding of education. A local education foundation can become an important source of funding for schools.

Ultimately, the community's investment in education creates its own positive future in which graduates of the schools move to higher value jobs, invest in the local property, and pay property and social security taxes. They become lifelong learners and excellent parents and citizens.

Principal's Report to the Citizens of Newington

Dear Citizens:

We commence this year's report by reaffirming that your school's mission remains one of cultivating those skills, capacities, and virtues valued in this community and in a more global sphere-society. In fulfilling this vision, the staff is forever cognizant of their responsibility to personalize education whereupon all your children can learn. A deceptively simple declaration, but to your staff a maxim that guides each educational encounter.

As a result of the staff's belief in personalization, a variety of techniques continue to be employed within school to achieve student comprehension of concepts, processes and skills. Some of the approaches that one might observe children participating in range from the telling of a story, to a formal argument, to an aesthetic exploration, to a "hands-on" experiment of a computer simulation.

Paradoxically, we also find children being grouped for specific purposes like class meetings for a sense of family; cross-leveled grouping for cooperative learning; focused groups for concentrated investigations and tutoring; individual groups for self-reliance; and all-school groupings for community building. The point being that to maximize an effective school performance for the "kids", the staff remains unwavering in their effort to create a climate that is active and creative while simultaneously trying to achieve a balance between individual and group learning.

Customizing a school requires assistance from many quarters. We believe the children are indeed fortunate to have such an involvement from parents, citizens, industries, and municipal and private agencies, all working collectively on their behalf.

As a result, the educational and recreational lives of the youngsters are truly enriched within the school as well as within the neighborhood.

Home and school are quite complementary in their function. Each attempts to create a living condition in harmony with its environment. In some cases, adjustments occur only to those elements relating to people, while in other situations, the physical structure must be reworked to accommodate today's demands. As this report has indicated, the process of customizing is ongoing and to assist us with the introspection, a citizen Advisory Committee was developed.

For nearly two years, Jeanne Heath, Barbara Hill, Sandy Hislop, Paul Kent, Mary Wahl and Lorna Watson have been analyzing the present and future needs of the school as seen through the eyes of a visiting team of educators, a past Facilities Committee and their own perceptions as to the makeup of a substantive educational program.

Most significant in my estimation was their unbiased critique of each suggestion rendered. There were concerns debated that the group clearly felt had no relevance to the Newington School and consequently were dismissed. Considerations of curriculum, instruction, and assessment were directed to the staff and administration.

As its task, the Advisory Committee agreed to concentrate specifically on the building. Subsequently, a proposal for an addition with renovations to the existing complex was formulated and presented to the Newington School Board, who in turn will ask you to consider its merits at this year's annual School District meeting.

In closing, personalized education is really about those magic moments between the learners and the teacher, who together are trying to build a better world.

Respectfully,
Richard Michaels

REPORT OF PORTSMOUTH HIGH SCHOOL

David Matthews, Principal

I appreciate, again, the opportunity to report to the citizens of SAU 50 regarding the ongoing educational efforts taking place at Portsmouth High School.

We are presently in our first year of our new scheduling format. Portsmouth High School is now divided into four periods each ninety minutes in length. We believe this will act as a catalyst to provide for in-depth study by our students as they move into the 21st Century. Direct and immediate benefits, though, are certainly not to be overlooked. These include 1,080 hours of instruction per student compared to 900 hours previously, eight courses taken per year which allows for more electives and more credits to be earned (our senior class needs 20 credits to graduate; the freshmen will need to earn 26). The atmosphere at the high school is also much improved since there are fewer passings in the halls and fewer classes to prepare for.

Some of the benefits expected are already being seen -- a 22% increase in honor roll and a dramatic reduction in disciplinary referrals.

There are always problems to be dealt with but the results to date are very positive.

We continue to offer new courses to better meet the needs of our students. This year, we have added a course in telecommunications which allows students to use the internet; a community service learning course has also been

added, which provides an opportunity for students to give something back to the community.

We are very pleased that Portsmouth High School was recognized with the Secondary School Excellence in Education Award for the 1995/96 school year. This is a true honor and one for which all the communities should be proud.

Ed Stokel, technology and career director, was honored with the New Hampshire Technology Leadership Award. This is an honor well deserved and we are all very proud of Ed.

We continue with our efforts to ease the transition of eighth graders to the high school. An opportunity for parents and students to visit was provided and a curriculum fair was held in the fall. Other activities are planned for the spring.

In closing, let me once again invite you to visit Portsmouth High School. We would love to take you on a tour, respond to your questions, and have you visit some classes. We are just a phone call away.

INDEPENDENT AUDITOR'S REPORT

Newington School Board
Newington School District
Newington, NH 03801

I have audited the accompanying general purpose financial statements of the Newington, New Hampshire, School District as of and for the year ended June 30, 1995, as listed in the table of contents. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the additional standards and requirements for financial and compliance audits as set forth in Standards for Audit of Governmental Organizations, Programs, Activities and Functions. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In accordance with the practices followed by other municipal entities in the State (Note I--Accounting Policies), the combined financial statements referred to above do not include financial statements of the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles.

In my opinion, except for the omission of the financial statements described above resulting in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Newington, New Hampshire, School District at June 30, 1995, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying supplemental combining financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Newington, New Hampshire, School District. The information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

MINUTES
NEWINGTON ANNUAL SCHOOL DISTRICT MEETING
SATURDAY, MARCH 18, 1995

School District Moderator Ruth Fletcher called the meeting to order at 1:00 p.m. on Saturday, March 18, 1995.

Moderator Fletcher opened the meeting with the Pledge of Allegiance. She then read the Moderator's Rules of Order. Moved to accept the rules - Wendy Sweeney, seconded by Peggy Lamson. No discussion. Motion carried.

Moderator Fletcher read as follows:

NEWINGTON SCHOOL DISTRICT WARRANT
1995

The State of New Hampshire

ARTICLE 1. To hear the reports of agents, auditors, committees and/or officers therefore chosen, and pass any vote relating thereto.

Motion to accept ARTICLE 1 made by Wendy Sweeney, seconded by Peggy Lamson. No discussion. Motion carried.

ARTICLE 2. To see if the District will vote to raise and appropriate the sum of three thousand dollars (\$3,000) as a contingency fund as provided under RSA 198:4-b. The school board and budget committee recommend this appropriation. Majority vote required.

Motion to accept ARTICLE 2 made by Peggy Lamson, seconded by Cosmos Iocovozzi. No discussion. Motion carried.

ARTICLE 3. To see if the school district will vote to raise and appropriate the sum of eight thousand eighty-nine dollars

(\$8,089) to fund the increases in cost items relative to teachers' salaries and fringe benefits for the 1995/1996 school year which are the result of good faith negotiations with the teachers and which represent the negotiated increase over the last year's salaries and fringe benefits. The school board and budget committee recommend this appropriation. Majority vote required.

Motion to accept ARTICLE 3 made by Peggy Lamson, seconded by Cosmos Iocovozzi. Lydia Frink asked if this amount has to do with additional pay for the staff. She was concerned with the number of staff hired to service 55 students. School Board Chairman Barbara Hill clarified the list of staff, explaining that the School Psychologist and Consulting Psychologist should not have been included in the list of school staff as there are no direct services to the children by these people. She also explained that M. Wayss was funded by the Rye School District. Barbara Baird also had questions about the School Psychologist and inquired about the \$3,000 in the budget for counseling. Chairman Barbara Hill also answered her concerns. No further discussion. Motion carried.

ARTICLE 4. To see if the School District will vote to add the sum of \$30,000 to the proposed 1995/96 budget for the purpose of reinstating a full-time kindergarten. (Submitted by Petition). The school board and budget committee do not recommend this appropriation. Majority vote required.

Motion to accept ARTICLE 4 made by Wendy Sweeney, seconded by Jane Hislop. Moderator Fletcher informed the gathering that a Yes/No written ballot would be called for. The Moderator then called the originator of the Petition, Lulu Pickering, to clarify. Lulu proceeded to make three major points:

1. Kindergarten is not a daycare.
 2. \$30,000 - what is this amount for. She clarified.
 3. Extending the Kindergarten day will cost money.
- Is this what we want?

Moderator Fletcher then moved to recess the School District Meeting in order to begin the Town Meeting, call for a recess for the Town Meeting and then continue with the School District Meeting. (Time being the factor, as the School District Meeting would be running past the 2:00 time set for the Town Meeting to begin.) Motion to accept recess made by Wendy Sweeney, seconded by Peggy Lamson. School District meeting then reconvened:

The following town citizens commented on ARTICLE 4: Robert Hill, Paula Akerley, Al Cabrera, Alfred Smith, Linda Khalsa, Judy Poulin, Jack O'Reilly, John Frink, Patty Borkland, Laura Coleman, David Sweeney, Martha St.Amand.

A paper Yes/No ballot was then taken. Yes-32; No-78. ARTICLE 4 of the Warrant failed.

ARTICLE 5. To see what sum of money the District will vote to raise and appropriate, inclusive of any funds approved in Articles 2, 3, and 4, for the support of schools, for payment of salaries, for obligations of the District; and to authorize the application against said appropriations of such sums, as are estimated to be received together with other income, the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town. The sum is \$932,285.00.

Motion to accept ARTICLE 5 made by Wendy Sweeney, seconded by Alfred Smith. No discussion. Motion carried.

ARTICLE 6. To transact any further business that may legally come before the meeting. Motion to accept ARTICLE 6 made by Alfred Smith, seconded by Jean Bowser. No discussion. Motion carried.

School board member Terri Spinney presented outgoing Board member Barbara Hill with a plaque of appreciation for her 15 years on the School Board. Barbara received a standing ovation. Barbara Hill then welcomed Wil Gilbert to the School Board.

Motion to adjourn meeting made by Tony Nalli, seconded by Marlon Frink. No discussion. Motion carried. Meeting adjourned at 2:45 p.m.

Respectfully submitted
Luanne O'Reilly
School District Clerk

REPORT OF THE SCHOOL BOARD

Technology and parent and community involvement continue to influence the positive direction of education at the Newington Public School.

With computers in all the classrooms, teachers have been able to improve their own skills in using the computer as a powerful teaching tool. Students have become more involved in accessing information on the computers and becoming more of a partner in their own learning. They are being prepared for the technological world.

Following up on the recommendation of the New England Association of Schools and colleges, the agency responsible for the accreditation of the Newington Public School, a group of citizens has been organized to study the building and renovation needs of the school. This School Advisory Committee has prepared specifications for the needed school addition and renovations and has made recommendations to the school board. At the time of this writing, the Newington School Board is recommending that the town approve a bond in the amount of \$432,000 to construct the school addition. The school board is very grateful to the School Advisory Committee which met every week for months to create a proposal that meets the educational and renovation needs of the school in time to receive a 30% reimbursement from the state for construction and renovation costs. The following are members of the School Advisory Committee: Jeanne Heath, Barbara Hill, Albert Hislop, Paul Kent, Terri Spinney, Mary Wahl and Lorna Watson.

The Newington School Board also acknowledges the support of the many volunteers who work in the School Sup-

porters group to assist the school through its many fund-raising efforts to provide students activities.

The New Hampshire Department of Education recently awarded the Newington Public School a certificate of Approval as a "School of Distinction." The Newington School Board is sincerely grateful to the many Newington citizens who make quality education in Newington a priority in their lives and allow distinctive education to be a hallmark of the town.

Terri Spinney, Chairperson
William Gilbert
Jeanne Haskins
Newington School Board
